MILTON CE PRIMARY SCHOOL
Website: www.miltonprimary.co.uk

Dear Parents

I hope you all enjoyed the long Bank Holiday weekend in the sunshine. Hopefully the warmer weather is here to stay so can I remind you that children need to bring fresh water to school everyday. We will encourage them to drink regularly to avoid dehydration. Children also need to bring NAMED sunhats to wear during break times.

Health & Safety

Following two accidents in the last few days can I remind you that children should not be left unsupervised on the playgrounds at the end of the school day. Children should not be using the trim trail without direct adult supervision.

I have been contacted by a parent concerned about the risk of an accident in Butt Lane particularly when the weather is wet. Apparently some parents are not only parking on the footpath but are actually driving along it. This is clearly illegal and forces pedestrians to walk on the road. Please can I ask all parents to park considerately – the safety of the children is the responsibility of everyone.

County Champions

Last Friday Milton CE Primary School became county champions as they won a School football tournament at Histon recreation ground. There were 8 teams in total that were split into 2 leagues, the South Cambs league & the city league. We were in The South Cambs League and we came top of our league, winning every game we played, that meant we got through to the final of the finals and played against Abbey Meadows. Milton CE Primary School won 1-0. Joe scored.

Players that participated in the games:

Jamie, Sean, Daniel, Connor, George, Maciej, Joe, Philip, Charlie, Darek, Callum, Salin, Cameron, Stephen and Adam.

By Sean, Jamie and Connor!

A fabulous result – Well Done!!

Milton School Allotment

We hope that you have had an opportunity to view the allotment plans that are on display around school. The children are very excited and seed growing has already begun in class!

Since our last newsletter we have had further communications with Anglian Water. We are delighted to share with you that they would like to do more to help us with our new gardening venture. They have already very generously offered to supply a team to dig out and rotivate the allotment area. In addition to this they are going to supply and install the following:

Membrane for the walkway area

Railway sleepers for the edging of raised beds

Compacted stone for the walkway area

A paved area for shed support.

We're sure that the children will enjoy this new venture as they become more knowledgeable about the food we eat and how it grows. F O'Shea

Yours sincerely

S J Dorrington
