

MILTON CE PRIMARY SCHOOL

Dear Parents,

September 2007

School Visits Permission

Each September the school sends out a visit permission letter seeking permission for any visits made during the course of the year. This system has worked well and I am therefore sending out a new request for permission for visits this year. The exception to this is the residential visits undertaken by Y5 and Y6.

Of course, we will still send you in advance full details of any visit the children are going on with notification of any cost. If, at that point, you have concerns, then please ask for further clarification about the trip.

We will continue to take advantage of the facilities of Milton without specifically informing parents, eg, visiting the church or other village amenities.

I would be grateful if you would complete the slip below and return the whole page to school by Friday 28th September.

Thank you.

Yours sincerely,

Head teacher

VISIT PERMISSION

I give permission for my child _____ Class _____

to go on school visits during this academic year.

Signed _____

Date _____
